Please be advised that in order to better accommodate our members, the Dutchman Downs Swimming Pool (DDSP) will continue to use the key pad access system swim season. Use of this system allows us to better manage pool access by regulating who can and cannot enter the Pool, as well as provide our members with additional access during morning hours before the pool opens with lifeguard staff and additional days/hours at the end of the season. Members who would like to have access during hours without guards present **MUST complete the Unguarded Pool Usage Waiver**. If a completed copy of the Unguarded Pool Usage Waiver is not returned with your membership package, your pin code will only be activated during pool hours when lifeguards are on duty.

- To obtain your PIN the member of record must submit the following completed forms as part of the membership application package:
  - 2024 Membership & PIN Application
  - 2024 Unguarded Pool Usage Waiver (only if access during Unguarded Hours is desired)
  - All membership dues and any other fees paid in full & membership must be in good standing
- Please be aware:
  - If your PIN becomes compromised for any reason, please contact the Pool Manager at [ddswimpool@gmail.com](mailto:ddswimpool@gmail.com) immediately so that your PIN can be changed.
  - Failure to provide notification of a compromised PIN will result in the member of the code being held financially and legally responsible for any unauthorized access and resulting damage caused by someone using their PIN.
  - PIN codes are **NOT TO BE SHARED** with anyone outside the immediate membership family for any reason. Violation of this will result in disciplinary action.
  - Entry by PIN into the pool is recorded and can be checked as necessary.
  - PIN codes will expire at the end of the swim season and can be deactivated as necessary.
- By completing and submitting this application, I confirm:
  - That my PIN code will remain in the possession of the family listed below and will only be used in accordance with the provisions outlined in the regulations and waivers as set forth by the Pool Committee.
  - That I understand and will comply with all of the regulations and waivers regarding use of the pool.
  - That I will notify DDSP Management immediately if my PIN is compromised so that it can be deactivated and changed.
